

## Idaho Test Packs with Prescriptions: Learner Flow Through with Assessment

Log on: <http://ple.platoweb.com>

Account Log on: \_\_\_\_\_

PLATO Name: \_\_\_\_\_

Password: \_\_\_\_\_

**Step 1:** The Learner logs in and selects the Assessment listed in the **Assignments Reminder Box** or the **Assignment Tab** under the assigning Teachers name.

**Step 2:** An Assessment window opens. Learners progress through a test by clicking the question numbers at the bottom of the page.

**Step 3:** The Learner clicks their answer choice, then selects another question. A test can be stopped and saved at any point.

**Step 4:** Once a test is graded, the results box appears and the Learner can view their score.

**Step 5:** Learners receive their prescription assignment by clicking the **Back to Assignments** button at the bottom of the page.

**Note:** *A personalized prescription is generated based on test scores.*

**Step 6:** The prescribed instruction is assigned automatically. The Learner *clicks* the **Open** button to view and start the assignments.

**Note:** *Assignment progression is made by selecting the item numbers at the top.*

**Step 7:** The Learner accesses each module by clicking the links by each item.

**Step 8:** Check student's progress on a weekly basis by running the **Learner Progress Report** as a Teacher

**Note:** **DO NOT** Assign the next Test Packs Assessment until all student assignments have been mastered.

## Idaho Courses with Unit Pre/Post-Tests: Learner Flow Through

**Step 1:** The Learner logs in and selects the Course listed in the **Assignments Reminder Box** or the **Assignment Tab** under the assigning Teachers name.

**Step 2:** A Pretest Link appears. Learners progress through the test by clicking the answer for the questions-then clicking on **submit answer**.

**Step 3:** A test can be stopped and saved at any point.

**Step 4:** Once a test is graded, the results box appears and the Learner can view their score.

**Step 5:** Learners receive their assignments by clicking the **Back to Assignments** button at the bottom of the page.

**Note:** *A personalized group of assignments are generated based on test scores.*

**Step 6:** The prescribed instruction is assigned automatically. The Learner *clicks* the **Number box for the assignments** at the top to view and start the assignments.

**Note:** *Assignment progression is then made by selecting the item numbers at the top.*

**Step 7:** The Learner accesses each module by clicking the links by each item.

**Step 8:** Check student's progress on a weekly basis by running the **Learner Progress Report** as a Teacher

**Note:** **DO NOT** Allow students to go to a different unit until all student assignments have been mastered or exempted from the pre-test.
