

Each month the I-PLN Newsletter will be putting the Spotlight on a School or District. If you or your district would like to be in the Spotlight, please take the time to submit an article on the success you are having with the PLATO program. This article will be published and made available on the Idaho Web Site.

Requirements:

1. At least 250 or more words describing how you or your district is utilizing the PLATO program.
2. Describe how it has been effective in your district.
3. Pictures with students, teachers, administrators, or parents working on PLATO.
4. Add data that describes or shows success of the program if available.
5. Revisions must be made and resubmitted if your article is being used for the month. These need to be received no later than the 15th.
